

IDENTITY

A strong visual identity can enhance your image and improve your market position, helping you to stand out from your competitors. Our proven knowledge and expertise in this field can give your business a competitive edge.

Designing the 'logo' from concepts to print

- *Creative brief* - in a one-to-one session we will get to know more about you, your company and what you're looking to achieve. It's vital we understand what makes you and your business tick.
- *Initial thoughts* - we present you with a range of ideas to be shortlisted for development
- *Developed ideas* - with some revisions based on your feedback we achieve the final result
- *Application* - your chosen logo is applied to business stationery
- *Print production* * - your business stationery will include 1000 letterheads and compliment slips with 250 business cards. We also supply you with a CD containing your logo in vector, eps, tif and bitmap formats.

£1,250

PLUS VAT

*Letterheads and comp slips are printed in two pantone colours to one side on 100gsm Conqueror Brilliant White wove.

*Business cards are printed in two pantone colours to one side on 300gsm Conqueror Brilliant White wove.

Why work with us?

We have many years experience working with businesses both large and small and are proud of the long term relationships we have forged with our clients (many of whom have been with us from day one), built quite simply on trust and consistently high standards of work.

what next?

The best way to demonstrate what we could achieve for you is by putting us to the test. Many businesses have in the past and we're pleased to say they are still satisfied customers today.
